Any appeal not timely filed shall be rejected.
 - ii. Failure to timely and properly file an appeal from an administrative citation shall constitute a waiver of all rights to an appeal hearing. The determination that the violation occurred and that the person named in the citation was responsible for the violation shall be deemed final on the date that service of the administrative citation is deemed completed.
 - iii. All appeals from any administrative citation shall be in writing and shall contain the following information:
 - a) Name(s) of the appellant(s);

 - b) The request shall be filed on an advance deposit hardship waiver application form, available from the Executive Director, in conjunction with submitting the appeal.
 - c) The Agency may waive the requirement of an advance deposit and issue the advance deposit hardship waiver only if the cited person submits to the Agency a sworn affidavit, together with any supporting documents or materials, demonstrating to the satisfaction of the Executive Director or his or her designee the person's actual financial inability to deposit with the Agency the full amount of the fine in advance of the hearing. In determining the cited person's financial ability or inability to deposit the full amount of the fine in advance, the Executive Director or his or her designee shall consider the amount of the fine imposed, the income of the cited person, the expenses of the cited person, and any other factors that are reasonably related to the cited person's ability to deposit the full amount.
 - d) The requirement of depositing the full amount of the fine shall be stayed unless or until the Agency makes a full determination not to issue the advance deposit hardship waiver. The Agency must make its determination within a reasonable period of time, taking into account the complexity of the data pertinent to the application.
 - e) If the Agency makes a determination to deny the advance deposit hardship waiver application, a written determination listing the reasons for the denial shall be issued. The written determination to deny the waiver shall be final.
 - f) The written determination of the Agency's denial of the advance deposit hardship waiver shall be served by mail upon the person who applied for the waiver.
- viii. Administrative Citation Appeal Hearing
 - a) A hearing before the Hearing Officer shall be set for a date that is not less than 15 business days and not more than 60 calendar days from the date that a notice of hearing was issued, unless the Enforcement Officer in his or her discretion determines that the matter is urgent and needs to be heard sooner or that good cause exists for an extension of time.

b) No hearing to contest an administrative citation shall be held unless the fine has been deposited in advance or an advance deposit hardship waiver application has been filed with and accepted by the Agency.

c) The hearing serves to provide the full opportunity of a person subject to an administrative citation to object to the determination that a violation has occurred and/or that the violation has continued to exist and/or that her or she is a Responsible Person.

d) The Hearing Officer shall consider any written or oral evidence submitted that is relevant to the matter. Formal rules of evidence do not apply. The administrative citation and any additional report submitted by the enforcement officer shall constitute prima facie evidence of the respective facts contained in those documents. All hearings shall be open and public.

e) If the Enforcement Officer submits an additional written report concerning the administrative citation to the Hearing Officer for consideration, then a copy of this report also shall be served on the person requesting the hearing at least five business days prior to the date of the hearing.

f) The failure of any person subject to or the recipient of any administrative citation to appear at the hearing shall constitute a waiver of any objections to the imposition of a fine or other appropriate remedy imposed by the Hearing Officer, and a failure to exhaust administrative remedies.

g) The Hearing Officer may continue the hearing and request additional information from the enforcement officer or the person(s) accused of a violation prior to issuing a written decision.

ix. Hearing Officer's Decision.

a) Within a reasonable time following the conclusion of the hearing, the Hearing Officer shall make findings and issue a written determination, a copy of which shall be provided to both the Responsible Person and the Enforcement Officer. The determination shall specify the amount of the fine to be imposed and a date by which the fine shall be paid.

b) If the Hearing Officer finds that no violation has occurred or that the violation was corrected within the time period specified or that the person appealing was not a Responsible Person regarding the violation, the Hearing Officer shall issue a written finding of those facts. If the Hearing Officer determines that an administrative citation should be cancelled, the Agency shall promptly refund the amount of the fine deposited. If the Hearing Officer upholds the violation, the

Agency shall retain any fines paid or shall be entitled to collect any fines owed but unpaid.

h. Payment of Administrative Citation Fines.

- i. The amounts due shall be paid to the Agency within thirty calendar days from the issuance date of the citation or the Hearing Officer's decision, unless otherwise specified.
 - ii. Payment of any fine shall not excuse the failure to correct the violation, nor shall it bar further enforcement action by the Agency for any continuation or repeated occurrence of the violation of the Code and/or applicable statute, rule, code, or regulation violation that is the subject of the original enforcement action.
 - iii. If unpaid as of the date specified in any decision or order, all amounts due shall be collected by the Agency by use of all available legal means.
 - iv. In addition to any other remedies provided by law, failure to pay amounts due on or before the date specified shall constitute a violation of this Code punishable as a misdemeanor.
- i. Notices. Whenever a notice is required to be given under this Section, unless different provisions are otherwise specifically made, such notice may be given either by personal delivery to the person to be notified or by deposit in the United States mail, in a sealed envelope, postage prepaid, addressed to such person to be notified at the last-known business, residence, or mailing address available to the Agency. Service by mail shall be deemed completed at the time of deposit in the United States mail is made. Where personal service or service by mail upon the Responsible Person cannot be made despite a diligent effort, a copy of any notice shall be conspicuously posted on the Vessel that is the subject of the notice, if applicable. Failure to receive any notice specified herein does not affect the validity of proceedings conducted hereunder.
- j. Judicial Review. Any person aggrieved by the decision on an administrative citation fine pursuant to Section 1.04.050(g)(ix) may obtain review of the decision by filing a petition for review with the Superior Court in Marin County in accordance with the time lines and provisions set forth in California Government Code section 53069.4.

1.04.060 Hardship Waiver.

- a. Any person fined under Section 1.04.040(e) or Section 1.05.050(f) of this Code may be granted a hardship waiver reducing the amount of the fine if:
 - i. The person has made a bona fide effort to comply after the first violation; and

- ii. Payment of the full amount of the fine or penalty would impose an undue financial burden on the person.
- b. A hardship waiver request shall be filed on a hardship waiver application form, available from the Executive Director, within ten business days of service of the administrative citation levying the fine. A sworn affidavit, together with any supporting documents or materials, demonstrating why the requirements of Section 1.04.060(a) are satisfied must be submitted. If the request and supporting materials demonstrate to the satisfaction of the Executive Director or his or her designee that the requirements of Section 1.04.060(a) are satisfied, the fine shall be reduced as the Executive Director or his or her designee deems appropriate. Any hardship waiver request not timely filed shall be rejected, and the applicant shall be deemed to have waived his or her right to request a waiver.

1.04.070 Injunctive Relief

Any violation of this ordinance is hereby declared to be a nuisance. In addition to any other relief provided by this ordinance, the attorney for the Agency may apply to a court of competent jurisdiction for an injunction to prohibit the continuation of any violation of this ordinance. 6.04.010 Purpose

The Richardson Bay Regional Agency hereby adopts this Nuisance Code for the purpose of providing for the identification and abatement of public nuisances within the Agency's jurisdiction.

The provisions of this ordinance are supplementary and complementary to all of the provisions of state law and any law cognizable as common law or in equity. Nothing herein shall be read, interpreted, or construed in any manner so as to limit any existing right or power of the Richardson Bay Regional Agency to abate any and all nuisances.

6.04.020 Nuisance Defined

The Agency hereby declares that it is a public nuisance for any person owning, leasing, occupying, or having charge or possession of any vessel, barge, or object within the Agency's jurisdiction to maintain the same in such a manner that any one or more of the conditions or activities described in the following subsections are found to exist:

- a. The keeping, storage, depositing, or accumulation on, or attachment to, a vessel, barge, or object of any personal property, including but not limited to abandoned, wrecked, dismantled, or inoperative boats or boating equipment, engine parts and equipment, appliances, furniture, containers, scrap metal, wood, building materials, junk, rubbish or debris, in a manner that constitutes a serious threat to the public health and safety.

- b. Any dangerous condition which is detrimental to the health, safety, or welfare of the public.
- c. The overboard discharge of any refuse, treated or untreated sewage, petroleum or petroleum matter, paint varnish, or any other noxious chemical or foreign matter.
- d. Any condition recognized in law or in equity as constituting a nuisance, including but not limited to any condition that constitutes a nuisance under Civil Code Sections 3479 and 3480.
- e. Any other condition located on, or use of, a vessel, barge, or object which constitutes a threat to the public.
- f. Any violation of this Code.

6.04.030 Determination of Public Nuisance

When an Enforcement Officer has inspected any vessel, barge, or object within the Agency's jurisdiction and has found and determined that such condition on such vessel, barge, or object constitutes a public nuisance, the Enforcement Officer may elect to proceed as outlined in Section 6.04.040 or Section 6.04.080, in addition to other enforcement remedies authorized by this Code or law.

6.04.040 Notice and Order to Abate Nuisance

- a. Upon determining that a condition constitutes a public nuisance, an Enforcement Officer shall notify the owner, occupant, agent, or other responsible person (any of which are considered a "Responsible Person" for the purposes of this Chapter 6.04) of the existence of any condition on the vessel, barge, or object that constitutes a nuisance that the Enforcement Officer has determined that a public nuisance exists.
- b. The Notice and Order shall contain all of the following:
 - i. A description sufficient for the identification of the vessel, barge, or object that constitutes a nuisance.
 - ii. A statement that a condition deemed to be a public nuisance as defined in Section 6.04.020 has been found to exist, with a brief and concise description of the conditions found to constitute a public nuisance under the applicable provisions of this Code.
 - iii. An order specifying:
 - a) The curative action to be taken, and

- b) The time in which completion of the curative action must occur, as determined by the Enforcement Officer. Any subsequent order, if issued, may require immediate compliance if a notice of violation has previously been served concerning the same violation of the code.
- iv. A statement advising that if the work to abate the nuisance is not commenced within the time specified, and diligently pursued until completion, the Agency may proceed to abate the nuisance and charge the costs thereof against the Responsible Person, and that such remedy shall be in addition to any other rights, remedies, or actions available to the Agency by reason of the same violation as described in the notice and order.
- v. A statement indicating whether the Agency has elected to seek, as a part of abatement costs, reasonable attorneys' fees incurred in abating the nuisance. Such notice shall also state that if the Agency elects to seek reasonable attorneys' fees, the prevailing party may be entitled to seek reimbursement of reasonable and necessarily incurred attorneys' fees, provided any such fees awarded against the Agency shall not exceed the amount of reasonable attorneys' fees incurred by the Agency.
- vi. A statement advising:
 - a) That the Responsible Person may appeal the notice and order to abate the nuisance pursuant to Section 6.04.060;
 - b) That such appeal must be filed within ten business days from the date of service of the notice and order; and
 - c) That failure to appeal will constitute a waiver of all rights to an administrative hearing to contest the determination of nuisance and required abatement.
- b. Service of the notice and order shall be made on the Responsible Person and owner (if identifiable) of the vessel, barge, or object as provided in Section 1.04.050(d), and such notice and order shall also be posted on the vessel, barge, or object.
- c. Proof of service of the hearing/abatement notice shall be certified by written declaration under penalty of perjury executed by the person effecting service, declaring the time, date, and manner in which service was made.

6.04.050 Report of Costs

- a. The Agency shall keep an itemized account of the expense incurred by the Agency in abating each nuisance under the provision of this Code. Upon completion of the work of abatement, the Enforcement Officer shall prepare a written report specifying the work done, the itemized and total cost of the work, a description of

the subject vessel, barge, or object and the names and addresses of the owner. Following completion of all abatement work, the Agency shall prepare a final itemized written report of costs showing the total abatement costs.

b. A notice accompanying the report of costs shall provide that the Responsible Person must pay the Agency for the cost of abatement within thirty days of service of the report of costs, or appeal the reasonableness of the costs within ten business days of the date of service, pursuant to Section 6.04.060.

c. Service of the report of costs shall be made as provided in Section 1.04.050(d).

6.04.060 Appeals of Notice and Order to Abate Nuisance and Report of Costs

a. The Agency Board may designate a Hearing Officer to hear appeals under this section. The Hearing Officer shall not be any Enforcement Officer or supervisor of such. The employment, performance evaluation, compensation, and benefits of a Hearing Officer, if any, shall not be directly or indirectly conditioned upon the decisions of the Hearing Officer.

b. The Responsible Person may within ten business days of service of the notice and order to abate a nuisance or report of costs, or within ten business days after commencement of work to abate an emergency nuisance pursuant to Section 6.04.080, appeal the notice and order to abate the nuisance, the reasonableness of the report of costs, or the need for an emergency abatement by requesting, in writing, an appeal hearing. The written request for appeal hearing must state briefly the appealing party's grounds for objection. Any appeal not timely filed shall be rejected and the applicant shall be deemed to have waived their right to appeal.

c. The Agency shall schedule an appeal hearing to be held within thirty days after an appeal is received by the Agency, before the designated Hearing Officer. The Agency shall provide notice of the hearing as provided in Section 1.04.050(d). Such notice shall be served not less than five business days prior to the time set for the hearing. Service shall be deemed complete at the time notice is personally served or deposited in the mail.

d. Any person filing an appeal to a report of costs, instead of or in addition to appearing in person at the hearing, file a written report of the objections with the Agency at any time prior to the time set for the hearing on the report of costs. Each such objection must contain a description of the grounds of the objection. However, in the event that the appealing party fails to appear at the hearing or file written objections, the hearing shall be deemed waived, and based on whether the appeal is for a notice and order to abate or report of costs, would constitute an admission by said party of the nuisance charge or correctness and reasonableness of the report of costs.

e. The Hearing Officer may inspect the subject vessel, barge, or object before, during, or after the hearing, provided that:

i. Notice of such inspection shall be given to the parties at least 72 hours before the inspection is made;

- ii. The parties are given an opportunity to be present during the inspection;
 - iii. The Hearing Officer shall state for the record during the hearing, or file a written statement after the hearing for inclusion in the hearing record, upon completion of the inspection, the material facts observed and the conclusions drawn therefrom; and
 - iv. Each party shall have an opportunity to rebut or explain the matters so stated by the Hearing Officer, relative to inspection, either for the record during the hearing or by filing a written statement after the hearing for inclusion in the hearing.
- f. The proceedings at the hearing may be recorded. Either party, at its own expense, may provide a certified shorthand reporter to maintain a record of the proceedings.
- g. The designated Hearing Officer shall hear and rule on the appeal. The appellant and the Agency each may be represented at the hearing by an attorney. The formal rules of evidence shall not apply. All witnesses shall be sworn, and each party shall have the right to cross-examine adverse witnesses. The hearing may be continued from time to time.
- h. The designated Hearing Officer shall issue a final decision within ten business days of the appeal hearing, which shall rule on each of the appealing party's objections. The final decision may modify the report of costs if the Hearing Officer deems it appropriate.
- i. For appeals of a notice and order to abate a nuisance, the final decision shall include a finding of whether any attorneys' fees incurred by the prevailing party were reasonably and necessarily incurred, provided, however, in no event shall an award of attorneys' fees to a prevailing party exceed the amount of reasonable attorneys' fees incurred by the Agency. The final decision shall direct the Responsible Person to abate the nuisance within a specified, reasonable time period and notify the owner that if he or she fails to do so, the Agency will do so at a Responsible Person's expense. The final decision shall be served on the Responsible Person, the owner (if identifiable), and any other appealing party as provided in Section 1.04.050(d).
- j. For appeals of the reasonableness of a report of costs, the final decision shall determine whether any attorneys' fees incurred by the Agency and assessed for the abatement costs were reasonably and necessarily incurred. The final decision shall direct the Responsible Person to pay the costs within thirty days of the date of the final decision. The final decision shall be served on the Responsible Person and the owner (if identifiable) as provided in Section 1.04.050(d).
- k. Once the Hearing Officer has adopted his or her decision, the Enforcement Officer shall post a copy thereof conspicuously on the subject vessel, barge, or object and shall serve a copy on the owner as provided in Section 1.04.050(d). One copy of the decision shall also be served on each of the following, if known to the Agency or

if disclosed from official public record: the holder of any mortgage or other lien or encumbrance; the owner or holder of any lease of record; and the holder of any other known interest in the subject vessel, barge, or object.

l. Any person aggrieved by the Hearing Officer's final decision may only seek judicial review pursuant to a timely petition for writ of administrative mandamus in accordance with California Code of Civil Procedure sections 1094.5 and 1094.6.

6.04.070 Authorization to Proceed With Abatement

a. If an appeal of the notice and order to abate nuisance is not timely filed, or if the Hearing Officer has upheld the determination of nuisance and proposed abatement, or for abatement of a nuisance pursuant to Section 6.04.080, the Enforcement Officer is authorized to cause the nuisance to be abated, subject to the provisions of this Section.

b. The abatement work may be performed by the Agency's own employees or by independent contractors, or any combination thereof. Prior to commencement of the abatement work by or on behalf of the Agency, the Responsible Person may abate the nuisance at his or her own expense.

c. If the Responsible Person fails to consent to the Agency abating the nuisance, the Agency may seek a warrant to the extent legally required and proceed with the abatement.

6.04.080 Emergency Abatement

a. Dangerous Condition. Whenever the Harbormaster determines that a condition exists on any vessel, barge, or object located in Richardson Bay which is of such a nature as to be imminently dangerous to the public health, safety, or welfare or materially interferes with public travel or passage, the Harbormaster or his designee may summarily abate such nuisance pursuant to Section 6.04.070.

b. Approval of Agency Attorney. No summary abatement shall be undertaken, unless the Agency Attorney has first approved the same; such approval may be verbal, when followed by written confirmation, via e-mail or on attorney's letterhead.

c. Costs. Reporting of costs of an emergency abatement under this section shall be conducted pursuant to Section 6.04.050.

d. Appeal. Once summary abatement has been completed, the owner of the vessel, barge, or object may appeal the need for abatement and the report of costs as provided in Section 6.04.060.

e. Personal obligation. The cost of abatement including all administrative costs of any such action shall become a personal obligation to the owner as provided herein unless ordered otherwise by a court of competent jurisdiction. 1486661.8
